W. C. LANE ANSWERS THE SPEND-
THRIFT PETITION.Alleges That He Has Done Well by
His Family and Is Entitled to
Comfort in Old Age.

In the amended notice of Commissioner Smith for taking depositions in the suits of Muller and Cranston for \$50,000 damages each against the S. S. Warri-moo's captain and managing owner, the list of witnesses has been extended to the number of thirty-one.

William C. Lane has made an answer to the petition of Mrs. Ena, his daughter, to have him placed under guardianship as a spendthrift and for an injunction to prevent him from selling property. He denies that by excessive drinking he is spending and wasting, or lessening his estate so as to expose himself and his family to want. The respondent declares he has ten children living, all of whom are of age and none of them dependent upon him for support, and that his children have no claim upon his estate. He alleges that he has worked hard all of his life to maintain and educate his large family in a proper and fitting manner, and that he has given each of them a fair education, fitting them to occupy responsible stations in life. He denies that he drinks liquor to such an excess that he loses control over himself, or appreciation of the value of money. He denies that his sole source of support has been from the rice lands in question and that he is unable to perform manual labor suitable to a man of his years, and that he is estranged from his family. For four months he has been desirous of getting the rice lands and extensively advertised them for sale so as to get the highest price possible, and has placed them in the hands of Bruce Waring & Co., and that he had accepted an offer of \$10,000 from A. Hocking before he heard of these proceedings. He is bound by his agreement and under obligation to sell the land, and \$10,000 is a fair price, and if the sale be not consummated his estate will be liable for heavy damages to Hocking. He is obliged to sell to clear off a mortgage of \$3500 overdue on that and other property, on which interest at 8 per cent. is accumulating, besides which he owes about \$1000. The debts have been largely incurred for the support, maintenance and education of his children, and he has been obliged to incur legal expenses and fines incident to the prosecution of some of his children on criminal charges, and at present had a son in the insane asylum who needs medical treatment. His children will not live with him at Koolaula and there are no other foreigners there, so that the lack of society impels him to remove to Honolulu. He considers that, having done so well as stated by his children, he has earned the right to live as comfortably as his means will permit. What is left of the proceeds of sale he can profitable invest, and with its income and that from other property he will be enabled to live in a comfortable manner.

Magoon and Humphreys, attorneys for plaintiff, on the strength of the answer and affidavits filed, give notice to Kinney and Ballou, attorneys for the petitioners, that they will call a motion to dissolve the temporary injunction at 10 o'clock on Monday next.

William O. Smith, guardian of William and Anna Rich, minors, has filed his final account, balance at \$766.93 on both sides.
